PROFILE

As a passionate and skilled Fullstack Developer, I bring robust experience in designing, developing, and maintaining scalable web applications. With a strong proficiency in Django, HTML, CSS, and TailwindCSS, I excel at creating seamless and efficient user experiences. My expertise spans across both frontend and backend development, allowing me to deliver comprehensive and integrated solutions.

EXPERIENCE

Fullstack Developer

Learn Factory Ng

May 2024 - Present

- Developed and maintained dynamic web applications using Django for backend and TailwindCSS for responsive frontend designs.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Implemented RESTful APIs to support front-end functionalities and ensure smooth data flow between client and server.
- Optimized web applications for maximum speed and scalability.
- Troubleshoot and debugged issues to improve overall performance and user experience.
- Participated in code reviews and provided constructive feedback to improve code quality.
